

Senior Phase Options Information

Welcome to our Senior Phase options booklet.

This booklet details all the courses that we will be offering to our students as they progress into the Senior Phase (S4, 5 and 6) of their education at Garnock Community Campus.

Pupils progressing into:

- S4 will choose **7** subjects from National 3 to National 5.
- S5 will choose **5** subjects from National 4 – Higher.
- S6 will choose a maximum of **5** subjects (from National 4 to Advanced Higher) but may have one private study column if they wish.

During the option process all pupils will be fully supported to ensure that they take the most appropriate course of study.

Unfortunately some courses may not be able to run due to pupil uptake. This will only be decided after the option process has been completed and any pupils in this situation will be re-interviewed and parents will be contacted.
