Dear Colleagues

Additional In-Service Days and Change to Public Holiday in Session 2019-2020

Following a recent agreement with Scottish Ministers two additional in-service days have been agreed for session 2019-2020. These additional in-service days are to support professional learning in accordance with the Scottish Negotiating Committee for Teachers (SNCT) Pay Agreement.

The two additional in-service days will be: Friday 20 September 2019 and Friday 3 April 2020. An updated school holiday and in-service dates has been attached for your information.

Please also note following guidance from the Scottish Government it has been suggested that the public holiday on 4 May will moved to 8 May to coincide with celebrations for the 75th anniversary of VE Day. I will confirm this will you in due course.

Please communicate these amendments to your parents/carers.

Yours sincerely

Caroline Amos
